Foam-Lok FL 6K  
Safety Data Sheet  
according to the federal final rule of hazard communication revised on 2012 (HazCom 2012)  
Date of issue: 10/16/2014  
Version: 1.0

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier
Product form: Mixture  
Trade name: Foam-Lok FL 6K  
Product code: FL - 6K

1.2. Relevant identified uses of the substance or mixture and uses advised against
Use of the substance/mixture: High density sprayed applied foam designed for use as a protective coating, primarily in the poultry industry.

1.3. Details of the supplier of the safety data sheet
Lapolla Industries, Inc.  
15402 Vantage Parkway East, Ste. 322  
Houston, Texas 77032  
Tel: +1 281 219 4100 , (877) 636-2648  
Email: sds@lapolla.com

1.4. Emergency telephone number  
Emergency number: CARECHEM (866) 928-0789

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture  
GHS-US classification  
Not classified

2.2. Label elements
GHS-US labelling  
No labelling applicable

2.3. Other hazards
No additional information available

2.4. Unknown acute toxicity (GHS-US)  
No data available

SECTION 3: Composition/information on ingredients

3.1. Substance
Not applicable

3.2. Mixture

<table>
<thead>

<td>Diethylene glycol</td>
<td>(CAS No) 111-46-6</td>
<td>&lt; 0.105</td>
<td>Acute Tox. 4 (Oral), H302</td>
</tr>
</tbody>
</table>

SECTION 4: First aid measures

4.1. Description of first aid measures
First-aid measures general: In all cases of doubt, or when symptoms persist, seek medical attention.

First-aid measures after inhalation: Remove victim to fresh air and keep at rest in a position comfortable for breathing. In case of breathing difficulties administer oxygen. In case of irregular breathing or respiratory arrest provide artificial respiration. Seek medical advice.

First-aid measures after skin contact: Remove contaminated clothing immediately. Wash skin thoroughly with mild soap and water. Seek medical attention immediately.

First-aid measures after eye contact: Rinse immediately with plenty of water for 15 minutes. Contact lenses should be removed. Immediately get medical attention.

First-aid measures after ingestion: If swallowed, seek medical advice immediately and show this container or label. Rinse mouth immediately and drink plenty of water. Call a POISON CENTER or doctor/physician. Never give anything by mouth to an unconscious person. If unconscious, place in the recovery position and seek medical advice.

10/17/2014  
EN (English)  
Page 1
4.2. Most important symptoms and effects, both acute and delayed

Symptoms/injuries after inhalation: Inhalation of mist or aerosol may cause irritation to nose and throat.
Symptoms/injuries after ingestion: Can occur: Gastrointestinal disturbance.

4.3. Indication of any immediate medical attention and special treatment needed

No additional information available

SECTION 5: Firefighting measures

5.1. Extinguishing media

Unsuitable extinguishing media: None known.

5.2. Special hazards arising from the substance or mixture

No additional information available

5.3. Advice for firefighters

Protective equipment for firefighters: Use self-contained breathing apparatus and chemically protective clothing. Complete protective clothing.
Other information: Prevent entry to sewers and public waters.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

General measures: Stop leak if safe to do so. Spills of this product present a serious slipping hazard. Avoid breathing mist or vapor. Avoid contact with skin, eyes and clothing.

6.1.1. For non-emergency personnel

Protective equipment: Wear suitable protective clothing. Refer to section 8.

6.1.2. For emergency responders

Protective equipment: Equip cleanup crew with proper protection.
Emergency procedures: Ensure adequate ventilation.

6.2. Environmental precautions

Prevent entry to sewers and public waters. Relevant water authorities should be notified of any large spillage to water course or drain.

6.3. Methods and material for containment and cleaning up

Methods for cleaning up: Take up liquid spill into inert absorbent material. Sweep or shovel spills into appropriate container for disposal. Ensure all national/local regulations are observed. Wash contaminated area with hot water. soap. Consult the appropriate authorities about waste disposal.

6.4. Reference to other sections

Refer to sections 8 and 13.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Precautions for safe handling: Obtain special instructions before use. Avoid mixing with air or use for any purpose above atmospheric pressure. Product should not be mixed with air above atmospheric pressure for leak testing or any other purpose. Use dry nitrogen to transfer or leak test equipment pressurized with product. Keep away from open flames, hot surfaces and sources of ignition. Wear recommended personal protective equipment. Use appropriate respiratory protection.
Hygiene measures: Wash contaminated clothing prior to re-use. Always wash hands and face immediately after handling this product, and once again before leaving the workplace. Do not eat, drink or smoke when using this product.

7.2. Conditions for safe storage, including any incompatibilities

Technical measures: Provide local exhaust or general room ventilation. A washing facility/water for eye and skin cleaning purposes should be present.
Storage conditions: Keep out of direct sunlight. Store in original container. Keep container tightly closed in a cool, well-ventilated place. Keep away from heat. Do not freeze. Product that is frozen and/or tending to sedimentation can be liquefied or homogenized by careful application of indirect heat (do not use flames or direct contact with a heat source). Protect from moisture.
Storage temperature: 21 - 26 °C (70 - 80 °F)

**Safety Data Sheet**

according to the federal final rule of hazard communication revised on 2012 (HazCom 2012)

#### 7.3. Specific end use(s)
No additional information available

#### SECTION 8: Exposure controls/personal protection

<table>
<thead>
<tr>
<th>8.1. Control parameters</th>
</tr>
</thead>
<tbody>
<tr>
<td>No additional information available</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>8.2. Exposure controls</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Appropriate engineering controls</strong>: Provide local exhaust or general room ventilation. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure.</td>
</tr>
</tbody>
</table>

**Hand protection**: Wear suitable gloves resistant to chemical penetration. For special purposes, it is recommended to check the resistance to chemicals of the protective gloves mentioned above together with the supplier of these gloves.

**Eye protection**: Tightly fitting safety goggles. Eye protection, including both chemical splash goggles and face shield, must be worn when possibility exists for eye contact due to spraying liquid or airborne particles.

**Skin and body protection**: Protective clothing.

**Respiratory protection**: Full face piece respirator. Approved supplied air respirator.

#### SECTION 9: Physical and chemical properties

Safety Data Sheet
according to the federal final rule of hazard communication revised on 2012 (HazCom 2012)

## SECTION 10: Stability and reactivity

### 10.1. Reactivity
No additional information available

### 10.2. Chemical stability
Stable under recommended condition.

### 10.3. Possibility of hazardous reactions
No additional information available

### 10.4. Conditions to avoid

### 10.5. Incompatible materials
No additional information available

### 10.6. Hazardous decomposition products
Carbon oxides (CO, CO2).

## SECTION 11: Toxicological information

### 11.1. Information on toxicological effects

#### Acute toxicity
- Not classified

<table>
<thead>
<tr>
<th><strong>Diethylene glycol (111-46-6)</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>LD50 oral rat</td>
</tr>
<tr>
<td>LD50 dermal rabbit</td>

- Skin corrosion/irritation
  - Not classified
  - Based on available data, the classification criteria are not met pH: >= 7

- Serious eye damage/irritation
  - Not classified
  - Based on available data, the classification criteria are not met pH: >= 7

- Respiratory or skin sensitisation
  - Not classified
  - Based on available data, the classification criteria are not met

- Germ cell mutagenicity
  - Not classified
  - Based on available data, the classification criteria are not met

- Carcinogenicity
  - Not classified
  - Based on available data, the classification criteria are not met

- Reproductive toxicity
  - Not classified
  - Based on available data, the classification criteria are not met

- Specific target organ toxicity (single exposure)
  - Not classified
  - Based on available data, the classification criteria are not met

- Specific target organ toxicity (repeated exposure)
  - Not classified
  - Based on available data, the classification criteria are not met

- Aspiration hazard
  - Not classified
  - Based on available data, the classification criteria are not met

- Symptoms/injuries after inhalation
  - Inhalation of mist or aerosol may cause irritation to nose and throat.

- Symptoms/injuries after ingestion
  - Can occur: Gastrointestinal disturbance.

## SECTION 12: Ecological information

### 12.1. Toxicity

<table>
<thead>
<tr>

</table>

12.4. Mobility in soil
No additional information available

12.5. Other adverse effects

<table>
<thead>
<tr>
<th>Effect</th>
<th>Information</th>
</tr>
</thead>
<tbody>
<tr>
<td>Effect on ozone layer</td>
<td>No additional information available</td>
</tr>
<tr>
<td>Effect on the global warming</td>
<td>No additional information available</td>
</tr>
</tbody>
</table>

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Waste disposal recommendations: Dispose in a safe manner in accordance with local/national regulations. Product wastes can often be incinerated in approved facilities. Consult the appropriate authorities about waste disposal.

Additional information: Do not re-use empty containers. Do not dispose of waste into sewer. Do not cut, grind, drill, weld, reuse or dispose off containers unless adequate precautions are taken against these hazards. Container Disposal: Steel drums must be emptied and can be sent to a licensed drum reconditioner for reuse, a scrap metal dealer or an approved landfill. Refer to 40 CFR § 261.7 (residues of hazardous waste in empty containers). Decontaminate containers prior to disposal. Recommend crushing, puncturing or other means to prevent unauthorized use of used containers. Ensure all national/local regulations are observed.

Ecology - waste materials: Avoid release to the environment.

SECTION 14: Transport information

In accordance with DOT
Not regulated for transport

Additional information

Other information: No supplementary information available.

ADR
Transport document description: No additional information available

Transport by sea
No additional information available

Air transport
No additional information available

SECTION 15: Regulatory information

15.1. US Federal regulations

<table>

EU-Regulations
No additional information available

Classification according to Regulation (EC) No. 1272/2008 [CLP]
No additional information available
Foam-Lok FL 6K
Safety Data Sheet
according to the federal final rule of hazard communication revised on 2012 (HazCom 2012)

Classification according to Directive 67/548/EEC [DSD] or 1999/45/EC [DPD]
No additional information available

15.2.2. National regulations
No additional information available

15.3. US State regulations
No additional information available

SECTION 16: Other information

Abbreviations and acronyms:
- CAS - Chemical Abstracts Service
- CSR - Chemical Safety Report
- EC - European Community
- EEC - European Economic Community
- MSDS - Material Safety Data Sheet
- PBT - Persistent, Bioaccumulative and Toxic substance
- SDS - Safety Data Sheet
- STEL - Short-Term Exposure Limit
- TLV - Threshold Limit Value
- TWA - Time Weighted Average
- vPvB - Very Persistent and Very Bioaccumulative
